## COLORING BOOK

# BOX TRUCK

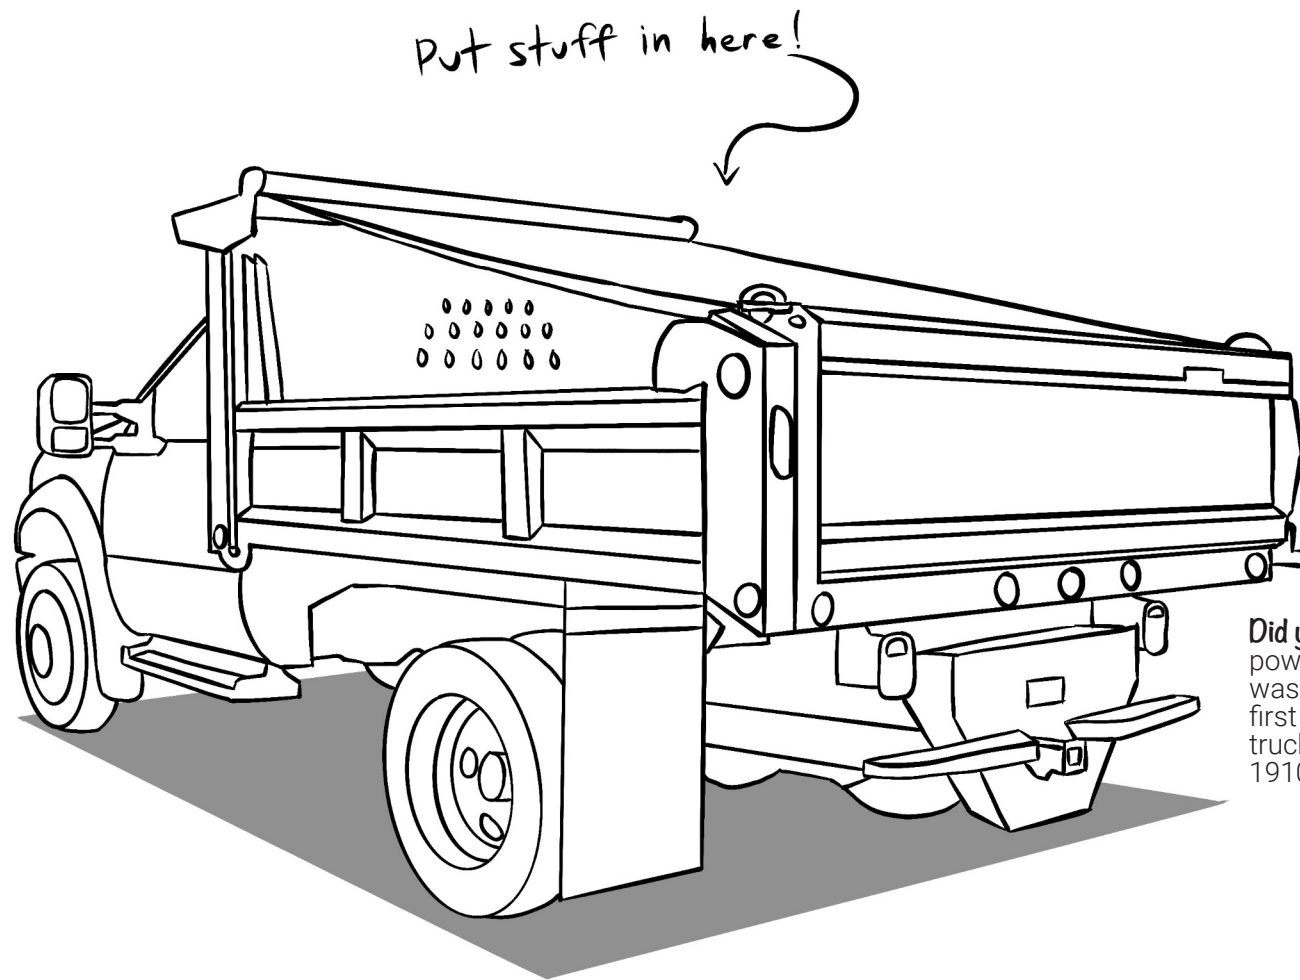

**Did you know** other names for this body type are cutaway van, cube van, box van, moving van, and straight truck?

# SERVICE TRUCK

**Did you know** service trucks are a common commercial vehicle throughout a variety of industries? They provide convenience and great storage.

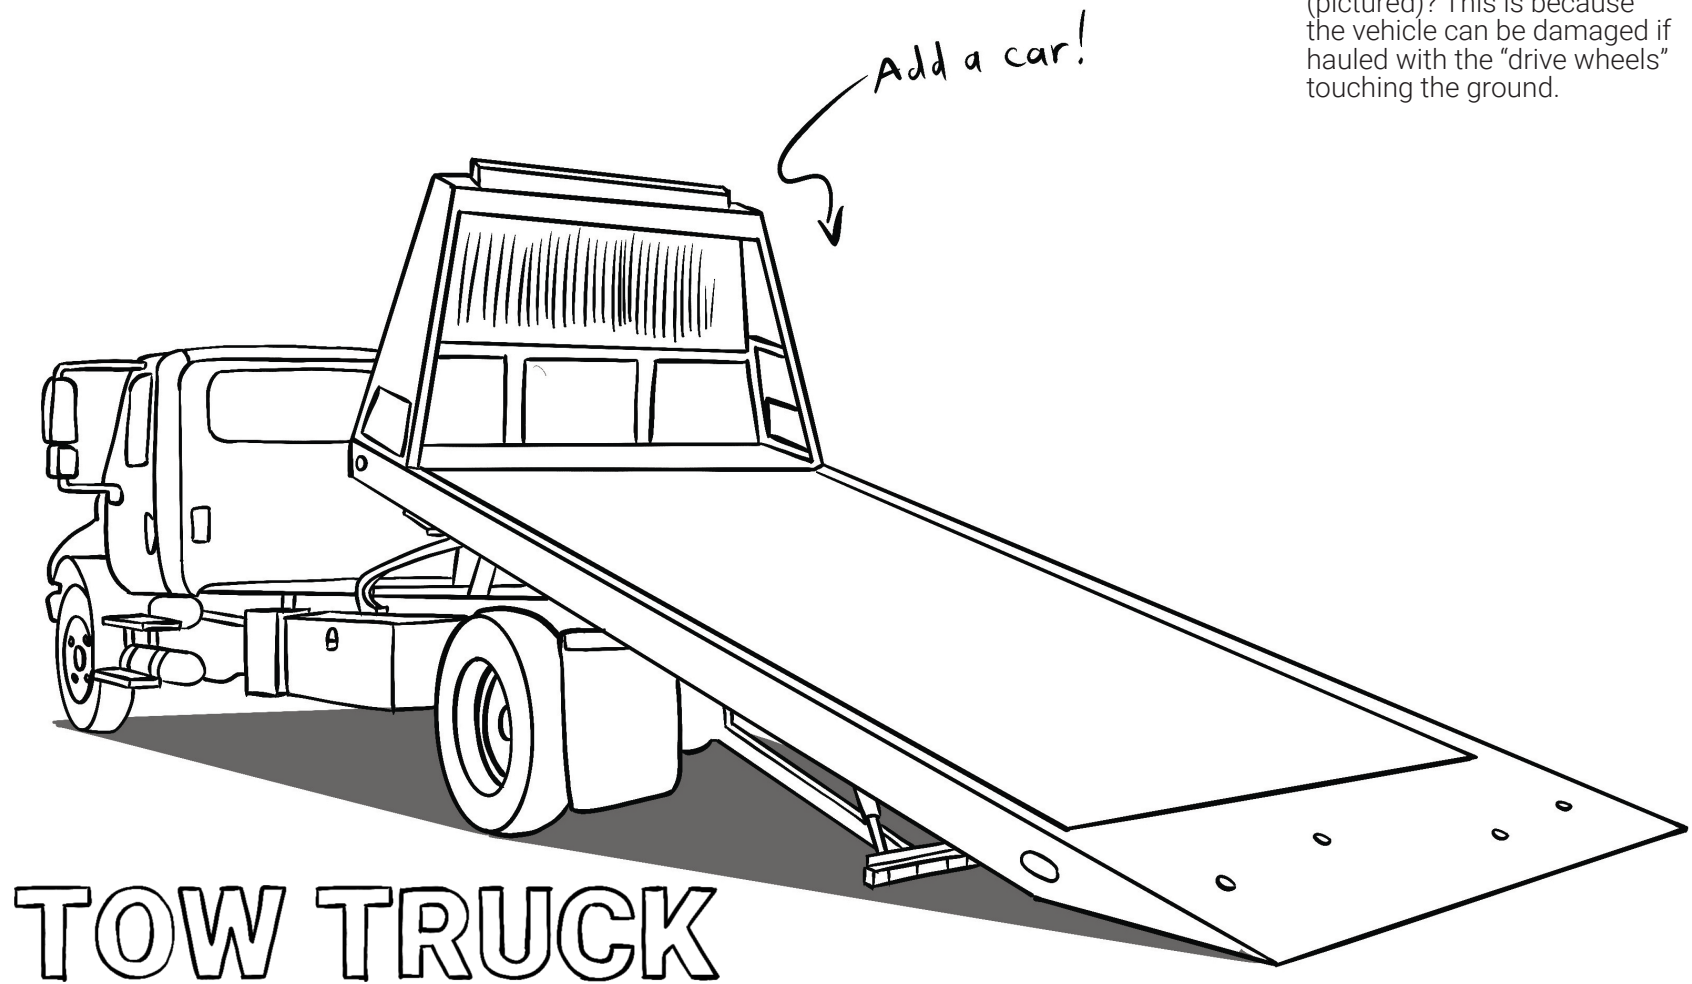

**Did you know** the first powered tipping mechanism was invented in 1896? The first US motorized dump trucks were developed in 1910.

# DUMP TRUCK

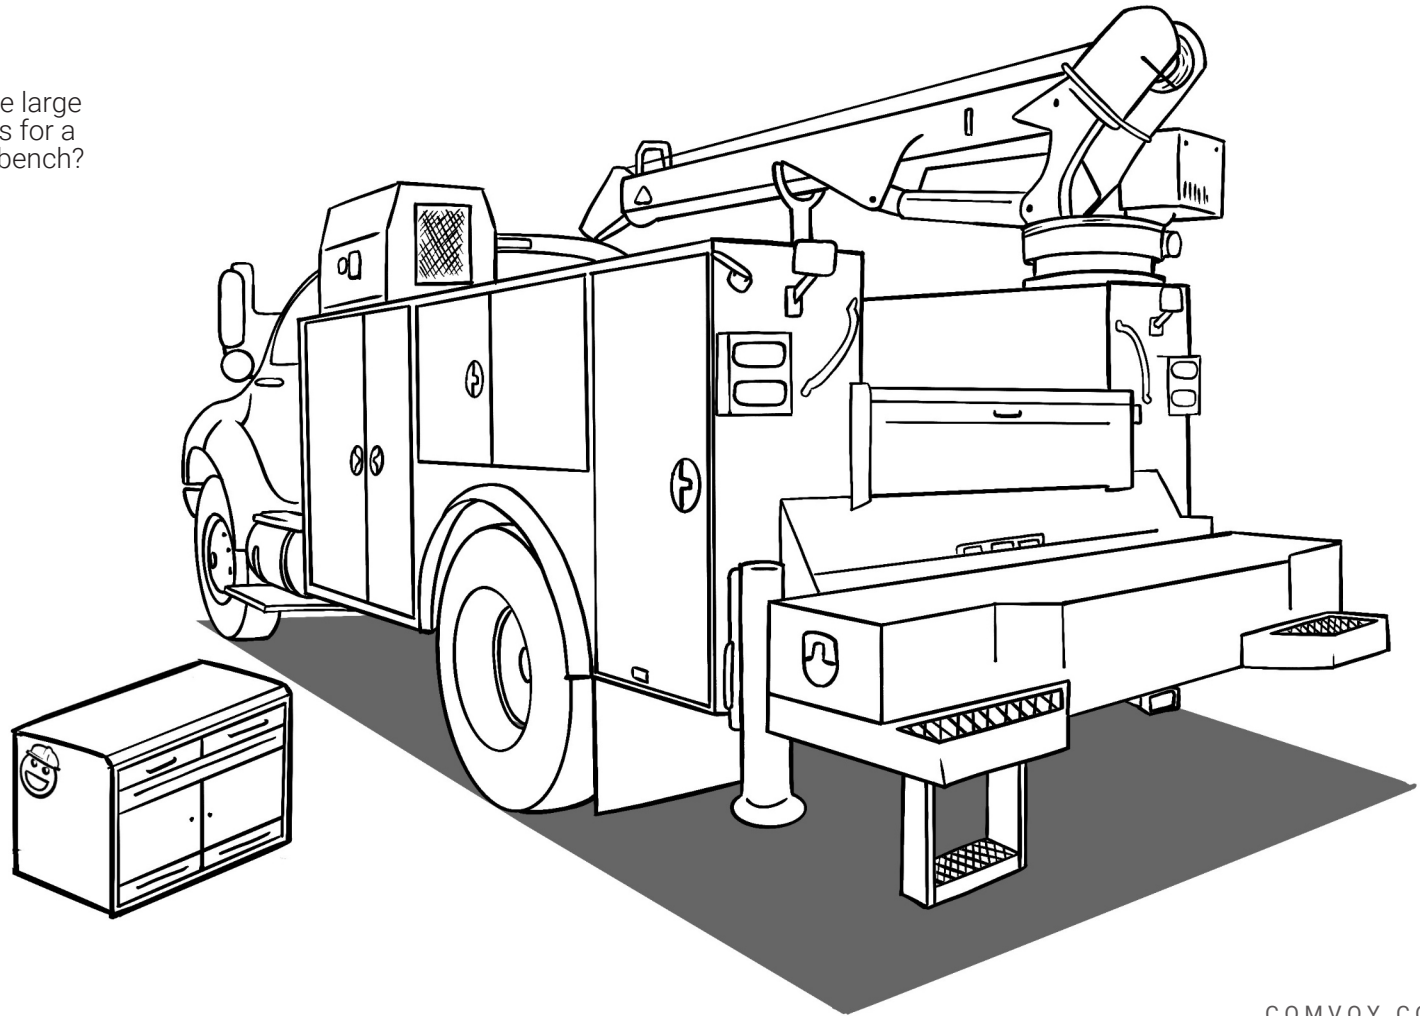

**Did you know** that all-wheel drive vehicles, such as 4WD require a rollback tow truck (pictured)? This is because the vehicle can be damaged if hauled with the "drive wheels" touching the ground.

TOW TRUCK

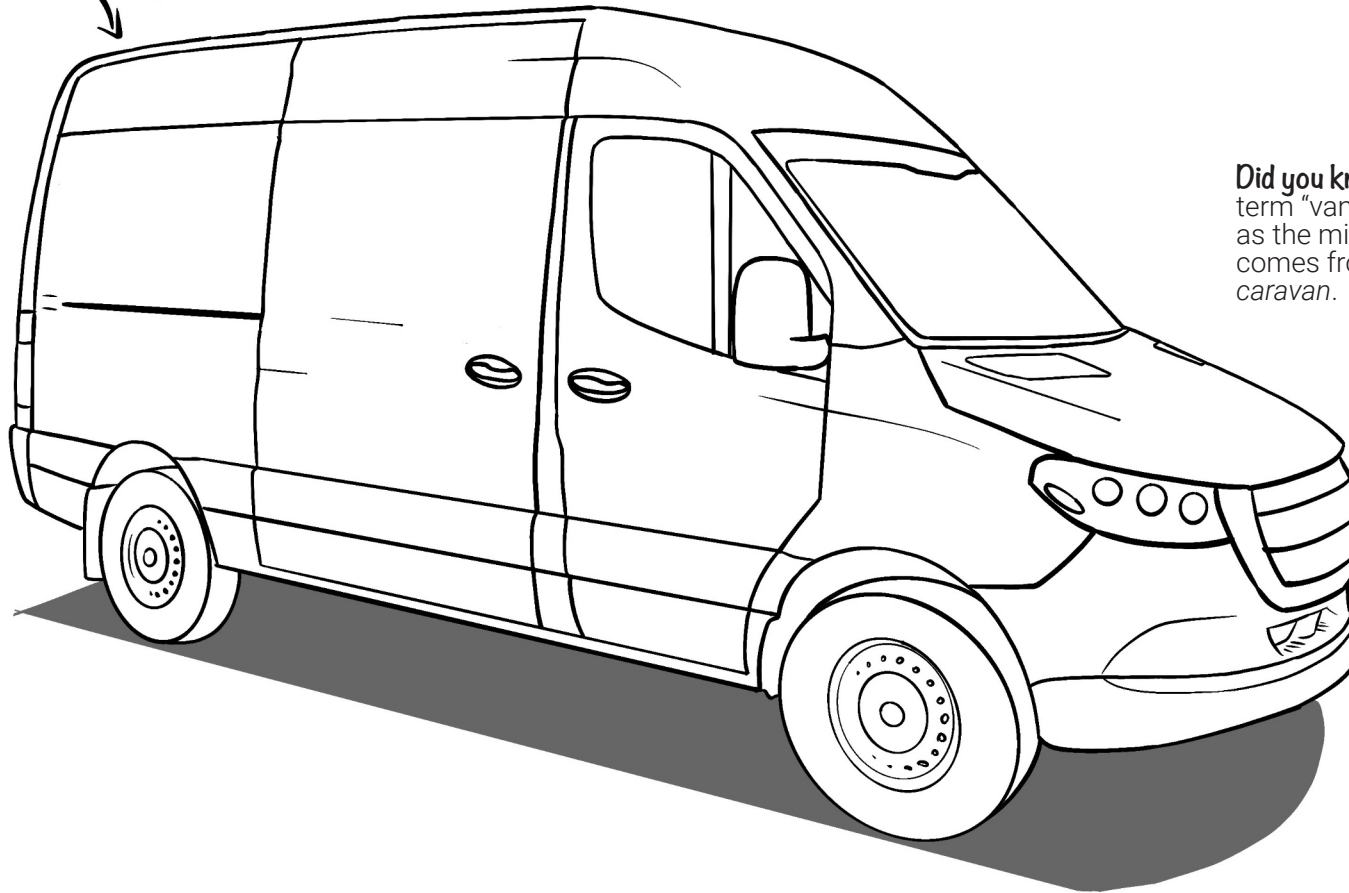

# MECHANIC TRUCK

**Did you know** that the large bumper often makes for a useful mobile work bench?

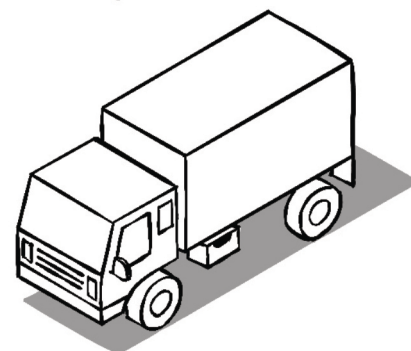

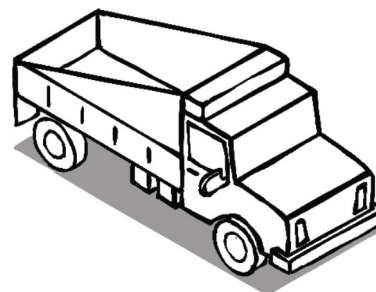

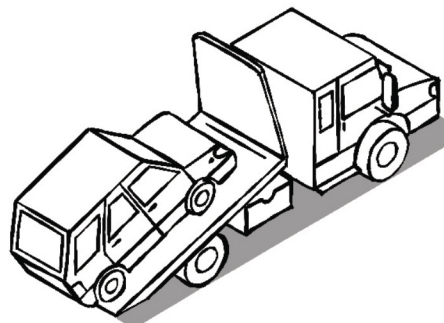

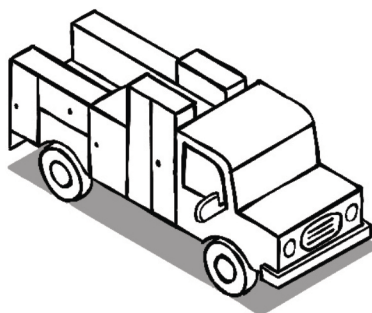

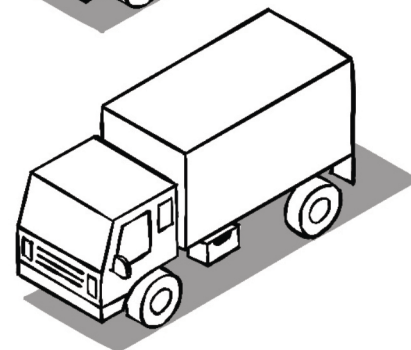

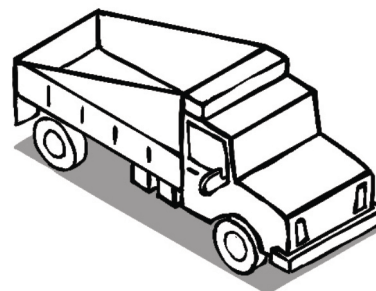

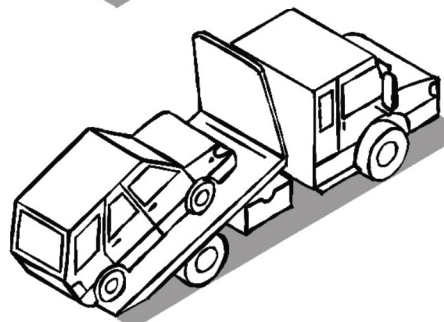

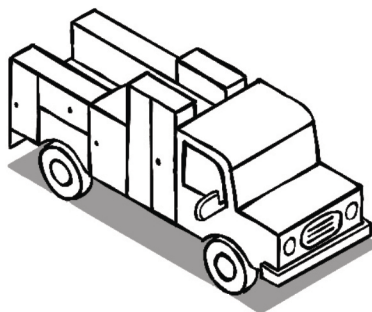

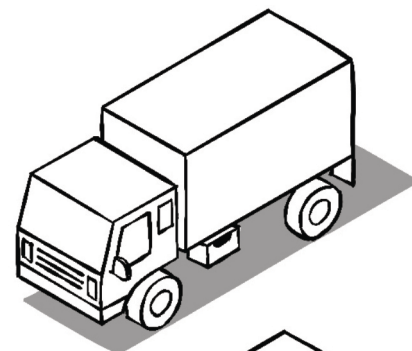

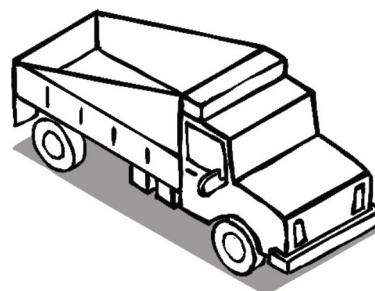

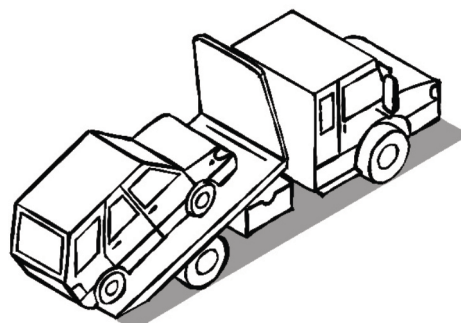

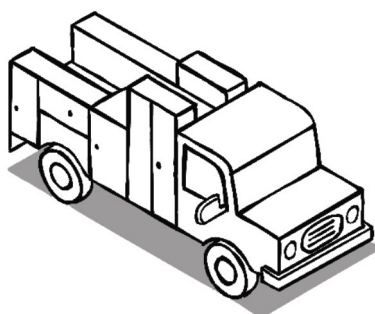

# CARGO VAN

Design your van!

**Did you know** the use of the term "van" goes back as far as the mid-1800's? It comes from the term *caravan*.
